Letter no. 1814 dated 18th March 1927 from the Super. G. G. Submitting his proposal in connection with the maintenance of the gardens recently transferred to the Control of the Gardens Dept., along with the Budget Estimates.

The transfer of many of the important gardens in the cities of Mysore and Bangalore to the Control of the Gardens Department has necessitated a demand for larger grants to the Gardens Dept. and the Super. wants about Rs. 61,110/- in excess of the usual grant; part of this amount was being borne by other departments in former years but what that amount was to be is not known.

2 The increase asked for are under the following main heads:-

- | | |
|---|---------|
| (a) Creation of 3 new posts at Rs. 40/- each of masons - 2 for Bangalore and 1 for Mysore; and also 2 stone keepers - | } 2160. |
| (b) Maintenance of trees. | |
| (c) Water charges. | 5100 |
| (d) Special Improvements | 20,000 |
| (e) Labour charges. | 21,036 |

3 The idea in transferring the gardens to the Control of the Gardens Dept. is that the transfer should not entail any additional expenditure, in this regard, the Govt. hands

Cannot perhaps be sanctioned: the
Assistant in the Gardens Dept. and
the Engineer at Mysore are both re-
ceiving some Commencement allowance
and these may well be expected to look after
these gardens.

4 As regards the funds required for
maintaining the roads in the General
garden areas, the sum required is Rs. 6200
which is perhaps a little too much;

5 Water charges - Rs. 8100/- may be
provided for.

6 Special Improvements to the extent
of Rs. 40,000/- are reported to be necessary.
The improvements are proposed to be carried
out in two years and a provision of Rs.
20,000/- during the next year is for orders.

7 Labour charges:- the establishment
proposed by the Super. is far in excess of
the staff at present employed in the
respective Departments and in this view,
the extra staff has perhaps to be disallowed.

8 Sundry for purchase and order on
the Super. proposals; budget Estimates
have not been received. This: complete 7th

9 Mr Kuntze may
perhaps be U.O. consulted on
these proposals of the Super. G.O.

It is not practicable or advisable
to work these minor gardens as
independent units. Some work
will form ipso facto part of
the adjoining Govt gardens such
as Rev. office & New Public office
coming under Cullen Park, the
Railway office - High School
or Mysore under Gordon Park etc
others such as Ind. Workshops,
Workshop Dep. & Govt Press
form really one unit.
one Govt unit only should
be put in charge of each
unit and the rest of the
labour treated as unorganised
and as a temporary. These will
work in gangs and are not to
the various gardens from time to
time only as necessary.

15 In addition to the gardens referred to in the list sent up by the Super., proposals for establishment @ a cost of Rs. 600/- have been made in connection with the gardens attached to the Dept. of Jt. While such a big estab. is necessary at all, especially as a garden will be given for the charge of the marginally noted gardens (the portion marked A in para 1 of the note), is for consideration to Govt. have also agreed to provide for Rs. 1185/- for the care of the gardens at Kanapur. This sum has not been included in the Budget and has now to be included.

19 Mr Krumhagen's modification may be accepted. In regard, however, to the appointment of two Overseers to look after these gardens at Mysore, it may be stated that the no. of small gardens at Mysore is not larger than that in Bangalore. As such, one Overseer each to Mysore & Bangalore, should be normally enough.

20 The Store Keepers proposed by the Super.

17 In view of the present v.o. note of Mr G.H.K. it is unnecessary to sanction a provision of Rs 600/- for the purpose. A garden at Rs 15/- p. m. (i.e. 180/-) may be allowed & provided in addition.

are not necessary. The regular Gardens Establishment in the two places can look after what other work there is, in connection with the maintenance of these new Gardens.

21 The suggestion of Mr Krumpholtz to group the gardens, into several convenient units, for purposes of upkeep, is good and will serve to reduce the cost of the permanent maintenance establishment.

22 The amounts proposed by him for non-pensionable labour, contingent grants and roads are reasonable & may be allowed.

23 With these modifications and the additional amounts of Rs 180/- and Rs 1185/- referred to in Paras 15 & 16 of the office note above, the estimate of the Supd^r Govt Gardens, may be approved.

no doubt there are chances of abuse - the rule

OFFICE OF THE ECONOMIC BOTANIST AND

LAL-BAGH, BANGALORE,

Dated.....18.....March.....1926.

FROM

H. C. JAVARAYA, ESQ., L.Ag., F.L.S., F.R.H.S.,

Offg. Economic Botanist, and
Superintendent, Government Gardens in Mysore.

To

The Secretary to the Govt. of His Highness
the Maharaja of Mysore,

Development Departments,

B A N G A L O R E .

Subject:- Proposals for the maintenance of the gardens
recently transferred to the control of the
Gardens Department.

S i r ,

With reference to Government Order No.I.C.129-186/A & E.
302-25-8 dated 8th July 1926, I have the honor to submit herewith a
statement showing the existing Establishment and Contingent allotments
of the various gardens at Bangalore and Mysore, recently transferred
to this Department, as also the proposed Establishment and Contingent
amounts required to be provided for in the budget of the next year
It is seen therefrom that out of the 47 gardens only 28 gardens have
got Establishments and 11 gardens have contingent grants, while the
rest have neither. The proposals now made are based on the actual
requirements of each garden taking into consideration the extent
of the grounds and the nature of the gardens to be maintained. It
is also necessary to allot funds to meet the cost of the repair of
roads, of water charges and of special improvements.

10

P.T.O

2. Staff:- It is very necessary to have the proper staff to maintain the gardens and grounds efficiently and to develop them on scientific lines. In most cases, very little garden exists at present and where it does, the plants are not ---- maintained in good condition for want of manure, water, and proper handling.

In the next season a great number of trees have to be planted in educational institutions such as the Central College Government Collegiate High School, Government Middle School and Sanskrit College in the Fort, both for ornament and shade as well as for creating aesthetic sense in the students from an early age, and new gardens have to be laid out in the grounds of institutions like the Revenue Survey Office, New Public Offices, and the Maternity Hospital. For all these works, it is essentially necessary to have labour as well as a small supervising staff consisting of two overseers in Bangalore and one in Mysore on a pay of Rs.40/- each, without which neither time nor money will be spent beneficially. It is also necessary to have a Store-keeper and Clerk ~~and Clerk~~ in each of the two places, so that the Overseers may be free to employ their time in supervision otherwise most of their time ~~of the latter~~ will be taken up in clerical work such as making bills etc., to the detriment of outdoor work.

3. Roads:- The roads in several of the Government ---- Institutions noted in the above order were being maintained by the Public Works Department and it is requested that the cost of maintaining these may kindly be ordered to be transferred to the Budget of this Department. A sum of Rs.6,200/- is estimated for the proper maintenance of roads in the various gardens.

hso

4. Water Charges: Most of the gardens have not got the facility for the supply of water and in such of those that have it, we have to pay for it to the Water Works Department for which we have no separate funds. The cost of water is estimated to amount to Rs.5,100/- which may be kindly ordered to be transferred annually to the Water Works Department. Every endeavour will be made to economise the use of water for garden purposes.

5. Special Improvements:- At present it is found that none of these gardens has a proper lay-out and to improve them it is necessary to remodel them on proper designs and this is estimated to cost over Rs.40,000/- leaving aside the question of the improvements of the New Mansion Grounds at Mysore, which is dealt with separately. It is however, not possible to tackle all the gardens simultaneously owing to the --- difficulty of finding garden labour and facilities such as water and manure. It is therefore proposed to spread the work over 2 years, taking up the more important gardens during the next year and it is requested that a sum of Rs.20,000/- may kindly be ordered to be provided in the budget of this --- Department for next year on this account.

6. Thus the requirements for the New Gardens are as --- follows:-

	<u>Bangalore.</u>	<u>Mysore</u>	<u>Total.</u>
1. Establishment			
(a) Labour	15,012	6,024	21,036 ✓

Proceedings of the Government of H.H.
the Maharaja of Mysore.

R e a d :-

G.O. No.I.C.129-186/ A&E.302-25-8 dated 8-7-1926 directing the transfer of certain gardens in the cities of Bangalore and Mysore to the control of the Gardens Department.

2. Letter No.1814 dated the 18th March 1927 from the Superintendent, Government - Gardens, submitting his proposals in connection with the maintenance of the gardens - transferred in pursuance of the G.O. read above.

3. U.O. Note No.13 dated 30th March 27 from Mr.Krumbiegel, Director of Agriculture, on the proposals of the Superintendent.

Order No.D. 8426-85 a.e. 79.26.2

dated, Bangalore 30/4/27

The Superintendent, Government Gardens, reports that out of 47 gardens transferred to his control in pursuance of the G.O. date 8-7-1926, only 28 gardens have got establishments, and 11 gardens have contingent grants but that the rest have neither. He ~~represents~~ represents that it is very necessary to have an adequate trained staff to maintain these gardens efficiently, and submits proposals for the employment of an establishment for each of the gardens referred to in the G.O. and of a supervising staff consisting of two overseers in Bangalore and one in Mysore on a pay of Rs.40/- each, and a storekeeper and clerk on Rs.30/- in each of the places

30-4-27
Signed by
Maharaja

2. While agreeing about the need for employing an adequate trained staff for the purpose, Government consider ^{not} the proposals ^{as} ~~submitted~~ ^{not} unnecessarily expensive, and believe that ^{the} the best course would be not to work these minor gardens as independent units with separate establishments but to group them with the adjoining gardens, making such additional ~~provision~~ provision for malis and temporary labour as may be absolutely necessary for the additional work involved. They think that each group of gardens may have a competent mali or gardener, the rest of the labour required being treated as non-pensionable and paid from a lumpsum provision to be made for the purpose.

3. They are accordingly pleased to pass the following orders:-

(1) The gardens attached to the office of the Director of Industries and Commerce at Bangalore, the Maharaja's College, Mysore, and the Gardens at Karapur will be transferred to the control of the Gardens Department from 1st July 1927 and will be included in the list of gardens referred to in the G.O. dated 8th July 1926.

(2) The establishment indicated in the statement appended is sanctioned to the several gardens at a cost of Rs.7,620/- per year (including the pay of the Overseers at Bangalore and at Mysore sanctioned in clause (4) below). Such of the gardens as have not been given any establishment should be arranged to be maintained without extra cost by the Superintendent by being treated as part of an adjoining Government garden for which there is a sanctioned establishment.

(3) In addition to the regular Gardens Establishment sanctioned above, a lumpsum provision of Rs.4,500/- is sanctioned; - Rs.3,000/- for the unpensionable labour required for the Bangalore gardens and Rs.1,500/- for that at Mysore, to meet the cost of temporary non-pensionable labour that may have to be employed for the maintenance of the gardens.

(4) The entertainment of one overseer on Rs.40/- per mensem; for the charge of the Bangalore gardens and two overseers on RS 40/- each for the gardens at Mysore is sanctioned.

(5) Government are further pleased to sanction an expenditure of Rs.1,185/- a year for the maintenance of the gardens at Karapur in the Mysore District. The Comptroller is requested to include the necessary provision in the next year's budget of the Gardens Department.

4. The total cost under the revision sanctioned in this order will be Rs.13,305/- per year. The details are given below:

Rs.7620/- for establishment (details given in the appendix to the G.O.)

Rs.1,185/- lumpsum for the maintenance of the Karapur gardens

Rs.4,500/- for non-pensionable cooly labour.

Rs.13,305/-

The Comptroller is requested to adopt these figures in his budget estimates for the new gardens, in lieu of the existing scale.

~~This means, ~~and because~~, that Rs.7,620 will be provided for establishment instead of Rs.7806 as now done in the Budget estimate and --- Karapur gardens & non-pensionable Rs.5685 under the details shown in (2) above, instead of Rs.2,445 in the contingent and other grants. The existing scale of --- expenditure on the maintenance of these --~~

Note:-

This has been since altered into 2 ^{overseers} ~~gardeners~~ for Bangalore and 1

for Mysore.

gardens (including contingent grants) is reported by the Super. E. G. to be Rs.10,261/- per year. The extra cost is therefore Rs.3,044/- per annum. The Comptroller is requested to make the necessary provision ^{for} establishment, on the scale - sanctioned in this order, according to the details given in the appended statement. He is also requested to include a lumpsum ~~provision~~ provision of Rs.4,500/- for non-pensionable cooly labour in the general expenditure -- estimates.

3. Unofficial Note No. 13, dated 30th March 1927, from Mr. Krumbiegel, Director of Agriculture, on the proposals of the Superintendent.

ORDER NO. D. 9426-85—G. G. 79-26-2, DATED 30TH APRIL 1927.

The Superintendent, Government Gardens, reports that out of 47 gardens transferred to his control in pursuance of the Government Order dated 8th July 1926, only 28 gardens have got establishments, and 11 gardens have contingent grants but that the rest have neither. He represents that it is very necessary to have an adequate trained staff to maintain these gardens efficiently, and submits proposals for the employment of an establishment for each of the gardens referred to in the Government Order and of a supervising staff consisting of two overseers in Bangalore and one in Mysore on a pay of Rs. 40 each and a store-keeper and clerk on Rs. 30 in each of the places.

2. While agreeing about the need for employing an adequate trained staff for the purpose, Government consider the proposals now submitted unnecessarily expensive, and believe that the best course would be not to work these minor gardens as independent units with separate establishments but to group them with the adjoining gardens, making such additional provision for malis and temporary labour as may be absolutely necessary for the additional work involved. They think that each group of gardens may have a competent mali or gardener, the rest of the labour required being treated as non-pensionable and paid from a lump sum provision to be made for the purpose.

3. They are accordingly pleased to pass the following orders:—

(1) The gardens attached to the office of the Director of Industries and Commerce at Bangalore, the Maharaja's College, Mysore, and the Gardens at Karapur will be transferred to the control of the Gardens Department from 1st July 1927 and will be included in the list of gardens referred to in the Government Order dated 8th July 1926.

(2) The establishment indicated in the statement appended is sanctioned to the several gardens at a cost of Rs. 7,620 per year (including the pay of the Overseers at Bangalore and at Mysore sanctioned in clause (4) below. Such of the gardens as have not been given any establishment should be arranged to be maintained without extra cost by the Superintendent by being treated as part of an adjoining Government garden for which there is a sanctioned establishment.

No. D. 9426-85 —G. G. 79-26-2, DATED 30TH APRIL 1927.

(3) In addition to the regular Gardens Establishment sanctioned above, a lumpsum provision of Rs. 4,500 is sanctioned (Rupees 3,000 for the unpensionable labour required for the Bangalore gardens and Rs. 1,500 for that at Mysore) to meet the cost of temporary non-pensionable labour that may have to be employed for the maintenance of the gardens.

(4) The entertainment of one overseer on Rs. 40 per mensem, for the charge of the ~~Bangalore~~ Gardens and two overseers on Rs. 40 each for the gardens at Mysore is sanctioned. *to Mysore*

(5) Government are further pleased to sanction an expenditure of Rs. 1,185 a year for the maintenance of the gardens at Karapur in the Mysore District. The Comptroller is requested to include the necessary provision in the next year's budget of the Gardens Department.

4. The total cost under the revision sanctioned in this order will be Rs. 13,305 per year. The details are given below:—

Rs. 7,620 for establishment (details given in the appendix to the Government Order).
 „ 1,185 lumpsum for the maintenance of the Karapur gardens.
 „ 4,500 for non-pensionable cooly labour.

Rs. 13,305

The Comptroller is requested to adopt these figures in his budget estimates for the new gardens, in lieu of the existing scale. The existing scale of expenditure on the maintenance of these gardens (including contingent gardens) is reported by the Superintendent, Government Gardens, to be Rs. 10,261 per year. The extra cost is therefore Rs. 3,044 per annum. The Comptroller is requested to make the necessary provision for establishment, on the scale sanctioned in this order, according to the details given in the appended statement. He is also requested to include a lumpsum provision of Rs. 4,500 for non-pensionable cooly labour in the general expenditure estimates.
